Off-site visits

Bootham School is situated just ten minutes' walk from the very centre of the beautiful city of York. We may allow free-time unsupervised visits where participants are organised into groups of three to five. The application form includes a request for parental permission, without which individuals will not be allowed to leave the site.

Holiday School Boundaries

We only have a handful of rules at Holiday School, but they are important. We expect applicants and their parents/guardians to have read them *before* completing the application form.

ALCOHOL - *anyone found in possession of alcohol, or under its influence, will be asked to leave immediately.*

DRUGS - *anyone found in possession or under the influence of illegal substances will be asked to leave immediately. Further action may be taken as appropriate.*

SMOKING - *Bootham School has a single designated smoking area. We ask that smokers identify themselves to the staff at the beginning of the week, we ensure that the event isn't a place where anyone takes up smoking.*

INTRUSIONS INTO PERSONAL PRIVACY - *including visits to bedrooms by members of the opposite sex, are forbidden at all times.*

ANTISOCIAL BEHAVIOUR - *we treat very seriously any behaviour that threatens to damage the caring and inclusive spirit of Holiday School.*

The success of Holiday School depends on all applicants agreeing to respect and abide by these boundaries.

Bursaries

Bursary help is available for anyone who needs it. **Please do not hesitate to ask.**

Members and Attenders of Local Meetings of the Society of Friends should be eligible for bursary assistance from their own Meeting, so in the first instance, please contact the Overseers at your Local Meeting to discuss available support.

If you are not members or attenders of the Society of Friends, we may be able help with fees.

If you wish to request support directly from YFHS, please contact us at yfhssecretary@gmail.com. To help us with administration, we request that you approach us before the payment deadline of 22nd June 2018. We will not be able to make a decision on bursary payments until after this date as our bursary funds are limited so we may need to decide how to share them between applicants. We will do everything possible to meet requests for bursary support.

If you are new to us, you can find out more about us on our website www.yfhs.org.uk
